

St. David's Lutheran Church "Tree of Life"

Order form information:

- ❖ Please be advised that you may choose up to 5 lines on the leaf that you purchase.
- ❖ You may also choose somewhere between 20 and 25 letters (spaces count as a letter) per line. This is contingent upon what the letters are as some use more space than others. (Please print)
- ❖ Please note that there are two ways to pay for a leaf, which costs \$300. You can pay in total (preferred) or you may make three \$100 payments.
- ❖ However you choose to pay, please be sure to write TREE OF LIFE on the memo line of your check. These monies will be going into a current fund type bank account and there has to be accountability of the monies that relate to the Tree of Life.
- ❖ I intend to try to accumulate approximately 10 leaf purchases before I send in the inscription order. I can then send them in a group; this will make it easier to control the flow of orders as well as the writing of checks from the church to cover the cost of the engraving. Obviously 1 check is easier to process than 10.
- ❖ If you have a particular area in mind on the tree where you desire your leaf to be placed, please add the section to your order form. Every attempt will be made to accommodate your request, however, if that is not possible you will be notified as to an alternate placement.
- ❖ Finally, the order has to be paid in full before I submit the engraving information to the company for processing.
- ❖ If I can assist you in answering any questions you may have regarding this project please feel free to contact me at my home phone number found below.
- ❖ Thank you for your cooperation.
